The Flying High English Hub offer for 2021/2022

As the Flying High English hub moves into its third year, it will continue work with schools to help develop the following three aims:

- 1. Every child makes speedy progress in phonics and reading**
- 2. Develop pupils' understanding and use of spoken language**
- 3. Develop pupils' love of reading**

The hub will continue to offer professional development opportunities and support for all three aims. These can be found below.

In addition to the training offer, the Flying High English hub will continue to work with 27 partner schools and begin the process of recruiting more partner schools for September 2022. Therefore, those schools requiring more support with the three aims, should engage in one of the showcase opportunities in the 2021 Autumn term. By engaging in a showcase event, schools can then apply to become a partner school for September 2022 and benefit from funding, additional CPD material and support from one of the hub's literacy specialists.

Below are some opportunities open to all schools:
